ORDER TO SATISFY OR ANSWER

Black Mountain Water District ("Black Mountain") is hereby notified that it has been named as defendant in a formal complaint filed on August 17, 2006, a copy of which is attached hereto.

Pursuant to 807 KAR 5:001, Section 12, Black Mountain is HEREBY ORDERED to satisfy the matters complained of or file a written answer to the complaint within 10 days from the date of service of this Order.

Should documents of any kind be filed with the Commission in the course of this proceeding, the documents shall also be served on all parties of record.

Done at Frankfort, Kentucky, this 29th day of August, 2006.

ATTEST:

Executive Director

By the Commission

COMMONWEALTH OF KENTUCKY

Formal Complaint

Timothy Joe and Sheila Bowman VS. Black Mountain Water District

Page 2 of 2

under way in the Putney area, we started inquiring as to when we
would get water hook up. About 2 years ago, we attended a monthly
meeting at the Black Mountain Water District and talked with them
about why we had not received water hook up. After looking at
their maps, they said that we were not showing up on their maps.
They assured us that they would check into this matter. (See attached pages)

Wherefore, complainant asks for immediate water hook up and compensation
(Specifically state the relief desired.)

for the delay in providing us water hook up while making it available
to places that had not signed up initially. During this time we
did not have access to a clean source of water. We feel that we have
been exposed to unsafe chemicals from the landfill that might harm us.

Dated at Putney, Kentucky, this 8th day

Timothy Joe and Sheila Bowman vs Black Mountain Water District

Formal Complaint (Continued)

We explained that we would really like to have hookup to the water because I had been diagnosed with breast cancer and we had concerns regarding the landfill ¼ mile above our house. We had our well water tested by the state and there were traces of two pesticides (dieldrin and MCPA) in our water (see enclosed report). Dieldrin is labeled as a probable carcinogen with a possible link to breast cancer in some studies and we're not sure about MCPA based on the research we've done. We attended another meeting at the Black Mountain Water District and they sent Earl out to look and see what they would have to do to get water to us. They informed us that as soon as permits and funding were available, they were planning on installing 3 bore holes. One of these bore holes was to be done for the Turners, one for us and one at Buddies Discount. They said it would take approximately 30-60 days for this to be done. We still didn't get water. We then talked with Judge Joe Grieshop about the possible connection of pesticides in our well water and the landfill above our house and that we would really like to have water hookup. In January 2006, the first bore hole was drilled for the C V Bennett property (a supporter of County Judge Joe Grieshop) at Buddies Discount. Then in March, 2006 a bore hole was drilled at the Turners (Johnny Turner is a property owner there and he ran for judicial office this year in Harlan County). This bore hole is about 4/10 mile south of our house. Instead of us getting the third bore hole as we were promised, the next bore hole was drilled for the Black Mountain ATV Park. According to a local newspaper, Judge Joe Grieshop is president of the Kentucky Mountain Trails Development Coalition. This park didn't exist at the time we paid our hookup fee for the water. This third bore hole is about 4/10 north of our house.

It appears as though "political buddies and interest" are preferred over honest, hard-working taxpayers when it comes to clean water and health concerns in Harlan County. We feel that these issues have led us to be intentionally left out of receiving water hook up. We, also, feel that during the time we have been without clean water we may have been exposed to toxic substance from the county landfill. We just want to be treated fairly and we ask your help in seeing that this is done. We have tried every diplomatic way that we know of. Thank you.
